Subject: 2022-23 Second Interim Financial Report

Introduction

The Goleta Union School District (GUSD) Second Interim Financial Report for fiscal year 2022-23 is presented this evening for discussion and approval. The State of California requires school districts prepare interim reports of financial activity and updated budget forecasts twice during each fiscal year. The Second Interim Report presents data as of January 31, 2023, and provides comparisons of the Adopted Budget, year to date actuals, and First and Second Interim projections.

The objective of interim reports is to help ensure proper Board oversight and periodic adjustment of the district operating budget. The Board asserts, by filing a Positive Certification of Financial Position, that the district is able to meet current year and two subsequent years' financial obligations.

The 2022-23 Second Interim Financial Report projects a fund balance in the General Fund that exceeds the GUSD's minimum recommended reserve requirement of three percent for the current and two subsequent years.

The state stipulates that the Interim Report be prepared using the Standardized Account Code Structure (SACS) formats, which are included in Section II. The Second Interim Report contains information on the General Fund revenues, expenditures and fund balance as well as a cash flow analysis, criteria and standards review and a subsequent two-year projection for fiscal years 2023-2024 and 2024-2025. These are useful documents in tracking trends and are important tools in financial planning. All of the district's revenue and expense accounts have been examined and adjusted as needed from the First Interim Report, factoring in enrollment, staffing levels, legally mandated services, property tax projections and carryover from the prior year.

Executive Summary

The Second Interim Report incorporates all of the changes made to the operating budget of the District since the First Interim Report.

As a community funded district, revenue from local property taxes for GUSD continues to exceed the Local Control Funding Formula (LCFF) entitlement funding by \$14.9 million. The LCFF calculation of monies earmarked in the Supplemental and Concentration Grants for unduplicated pupils (students from low-income families, English learners and foster youth) are not received by GUSD due to community funded status, but the amount for the Supplemental Grant is still identified in the budget and LCAP spending plans to support those students. Those calculations are included in this report.

In addition to the SACS schedules, included are combined General Fund and schedules for all GUSD funds. These materials are in Section I and together with the SACS documents provide a good cross-section of the fiscal health of the district.

Property Taxes

Revenues from local property taxes in 2022-23 are projected to be \$49.6 million. This projection is from the P-1 tax data report received from the County Education Office and is based on the equalized tax roll for 2022-23. This represents an increase in Secured and Unsecured taxes of 1.5% over the Adopted Budget and an estimated growth of approximately 6.4% from 2021-22. Other factors to consider when projecting property tax revenues include distributions from the redevelopment agencies (RDA), prior year taxes and adjustments to one-time tax allocations which could eventually bring property tax revenues up over 7% for 2022-23. A growth factor of 6% is used to determine 2023-24 tax revenue and for future years 5% will be used in the multi-year projection confidently as property values in the Goleta area remain strong.

Enrollment

The certified enrollment count for GUSD for the 2022-23 school year as reported to the California Department of Education is 3,416 which is up 35 students from the certified count of the 2021-22 school year. This enrollment number includes 1,468 unduplicated students that are either English Learners or socioeconomically disadvantaged. This represents an unduplicated count rate of 42.97% for 2022-23. Using the attendance rate that we are seeing, we project the 2022-23 ADA to be approximately 3,197.94. In a budget trailer bill in Sacramento, the State continues to provide relief from the significant drops in ADA and allows the use of 2022-23, 2021-22 or an average of the most recent three years which is 3,414.44 for GUSD.

Deficits

The Second Interim Report shows an operating deficit in the General Fund of \$1.62 million. Projections for the next two years show significant deficits and draws on district reserves as well. The multiple year projection includes adjustments for 2023-24 and 2024-25 that represent targeted reductions in expenditures that the district must consider to reduce the annual draw on reserves. Reductions must be considered moving forward as we develop the budget for 2023-24. The main reason for the deficits is the continuation of COVID supports that were funded with onetime money as the onetime money has been expended.

Fund Balances

The projected deficit in the Combined General Fund for the Second Interim for 2022-23 is \$1.62 million. The projected total reserve at the end of the 2022-23 fiscal year in the General Fund is \$12.76 million. Total available reserves are \$8.70 million, but if the discretionary onetime funds held in reserve are added back in the reserve balance would be \$11.44 million and 15.3%. The amount required to be held in reserve for economic uncertainties is 3% or \$2.24 million. The amount of Restricted Fund Balance projected at the end of 2022-23 in the General Fund is \$4.05 million consisting of:

- Educator Effectiveness - \$765,975
- Lottery Instructional Materials - \$97,914
- Arts, Music, and Instructional Materials Discretionary Block Grant - \$1,932,653
- Classified School Employee PD Grant - \$31,683
- In Person Instruction (IPI) Grant - \$192,092
- Learning Recovery Emergency Block Grant - \$805,652
- Low Performing Student Block Grant - \$3,809
- Other Restricted Local - \$226,221

Positive Certification

The First Interim Budget presents a Positive Certification which signifies that the district is able to meet the current year and two subsequent years' financial obligations. Careful attention and communication will be made to the Board of Trustees to ensure continued effort to achieve future compliance reserve benchmarks.

Analysis of this schedule and explanations of variances are on the following pages.

Revenues

- The reduction in **LCFF Sources** is due to an error made in the SELPA funding model for the property taxes where an overstated ADA figure was used for GUSD to allocate SPED property tax revenue among member districts.
- The increase in **Federal Revenue** is also due to a correction made to the GUSD allocation of revenue in the SELPA Funding Model.
- The change in **Other State Revenues** is largely due to the SELPA Funding model correction as well as revisions to estimates and corrections to revenue accounts.
- **Other Local Revenues** were reduced to reflect a change in student body account revenues that are now accounted for in a different fund.

Expenditures

- The budget for **Certificated Salaries** is largely unchanged from First Interim.
- The budget for **Classified Salaries** is largely unchanged from First Interim.
- **Employee Benefits** accounts increased due to additional employees opting in to district health insurance as well as the negotiated increase to the district contribution for certificated staff.
- The reduction in **Books and Supplies** is due to the adjustment for accounts that will not be used by the end of the year.
- The increase to **Services and Other Operating** is due to an increase in legal fee expenditures and settlements.
- The decrease in **Capital Outlay** is due to reductions of budgets that will not be used in 2022-23 fiscal year.

Fund Balances

Combined fund balance in the General Fund is projected to be \$12,759,897 at the end of 2022-23. Of that amount, \$4,056,007 is from Restricted Programs and \$2,237,671 is the current required 3% Reserve for Economic Uncertainties. Available reserves projected at the end of the 2022-23 fiscal year amount to 11.66% of total expenditures. The total reserve amount decreased from the First Interim Budget largely due to the correction of the impact of the SELPA funding model error on revenue accounts and other adjustments to revenue projections.

The three years of data presented above were developed beginning with the figures in the Second Interim Budget for 2022-23. The financial position over the next three years meets all statutory reserve requirements and property tax growth in 2023-24 and 2024-25 should increase.

Discussion of changes to revenues and expenditures and assumptions used to develop the multi-year projection is provided below.

Multi-Year Revenues

This multi-year projection estimates 6% property tax growth for 2023-24 and 5% for 2024-25 that account for the increase in **LCFF Sources**. This aligns with the current year growth in Secured and Unsecured Taxes of over 6%. The large reduction to **State Revenues** accounts for the removal of the two one-time discretionary grants that will not be received next year.

Multi-Year Expenditures

Salaries and Benefits accounts are increased each year by the step and column movement on the salary schedule and benefits are adjusted for increases to the GUSD PERS and STRS contribution and other statutory benefit contributions each year.

The large increase in **Books and Supplies** in 2024-25 accounts for the purchase of a State approved Social Studies curriculum.

The reduction to **Transfers Out** is to account for the one-time transfer of the Student Account balances to the new Fund 08 set up to account for all school site student balances.

Targeted Reductions have been added to the Multi-Year Projection in order to maintain a reserve of 12% in 2023-24 and 2024-25. GUSD Administration along with the Board of Trustees will be working diligently to establish priorities for reductions in expenditures that may include rolling back the additional COVID related supports that were funded with COVID relief funding. Targets were set at \$1.5 million in reductions for both of the out years.

Multi-Year Fund Balances

This multi-year projection shows the GUSD reserves to be 11.66% in 2022-23, 12.13% in 2023-24 and 12.32% in 2024-25. Reserves have decreased to account for the negotiated settlements and additional positions to maintain low class sizes and expand services for intervention, arts, music and the afterschool programs as well as the continuation of COVID related supports. Overall, the district will prioritize areas of reductions over the next two years to reduce projected deficits and maintain a prudent reserve.

Over the next three years, we project to meet the state required 3% reserve, but consideration will be taken to maintain a reserve level prudent for a community funded district of our size. All fund balance reserve amounts will be impacted by any salary increases and other language negotiated with GUSD bargaining units.

Other Funds

Fund 08 – Student Activity Fund

This fund is used to account separately for all fundraising and student activity for each school site. All money is now kept in the County Treasury and accounted for in the district’s accounting system as external bank accounts have been eliminated. Each school has its own set of accounts and is managed separately centrally at the district office.

This fund was added in 2022-23 with the large transfer in coming from cash from outside bank accounts that were accounted for in the General Fund in a Local Restricted Account.

Fund 12 – Child Development Fund

This fund is used to account separately for federal, state, and local revenues to operate child development programs. All moneys received for or from child development services covered under the Child Care and Development Services Act (Ed Code Section 8200 et seq.) shall be deposited into this fund. GUSD operates a state funded preschool that is maintained in this fund as is self-supporting. Currently, the district is licensed for two classrooms housed at the District Office and one at El Camino School.

The Child Development Fund has seen an increase in contract for state preschool revenue over the last few years. The negative financial impact is due to the spending down of a balance carried over from the prior year. This fund is balanced annually and does not look to need a transfer from the General Fund this year.

Fund 13 – Cafeteria Special Revenue Fund

This fund is used to account separately for federal, state, and local resources to operate the food service program. The Cafeteria Special Revenue Fund (Fund 13) shall be used only for those expenditures authorized by the GUSD Board of Trustees as necessary for the operation of the Food Service program (Education Code sections 38091 and 38100). Meals are prepared at the district office central kitchen and trucked to all school sites each day.

The Food Services Department has transitioned out of the model of free meals for all from the prior few years back into the National School Lunch Program (NSLP). The State has committed funding to ensure all meals continue to be free to all students and backfills the amount that would have been paid by families that do not qualify for free lunch. With this funding comes the requirement to offer two meals per day to all students. The fund continues to operate in a surplus and will be working on spending down the accumulated fund balance reserve as required by law.

Fund 14 – Deferred Maintenance Fund

This fund is used to account separately for revenues that are restricted or committed for deferred maintenance purposes (Education Code sections 17582). Deferred maintenance uses include interior and exterior painting, major repair or replacement of plumbing, roofs, heating, electrical, asphalt and flooring systems.

Due to impending deficit in the General Fund, the contribution to this fund has been reduced to \$150,000. Budgeted expenditure amounts are made for potential maintenance projects as needed during the fiscal year, such as roof and furnace repairs, large plumbing jobs, large electrical repairs, etc. This fund is projected to have a balance of \$373,309.

Fund 21 – Building Fund

This fund is new to GUSD and exists primarily to account separately for proceeds from the sale of bonds (Education Code Section 15146) and may not be used for any purposes other than those for which the bonds were issued. All proceeds received from the sale of General Obligation Bonds authorized by the voter approved Measure M, will be accounted for in this fund. Repayment of the bond will be accounted for in a separate fund.

The first issue of bonds from the Measure M authorization was for a par value of \$5.7 million to be paid back over the next three years and will mature August 1, 2024. The second set of bonds were issued December 6, 2022, for \$30 million and have been added to the Building Fund Budget. Such projects include playground big toys, roof and HVAC replacement, and pavement will be funded with Measure M bond proceeds. The larger projects are planned for Summer 2023, and the first group of playground equipment will hopefully be replaced in Spring 2023..

Fund 25 – Capital Facilities Fund

This fund is used primarily to account separately for money received from fees levied on development projects as a condition of approval (*Education Code sections 17620–17626 and Government Code Section 65995 et seq.*). Expenditures in Fund 25, Capital Facilities Fund, are restricted to the purposes specified in *Government Code sections 65970–65981 or Government Code Section 65995 et seq.*, or to the items specified in agreements with the developer (*Government Code Section 66006*). Costs of justifying and adopting fees may be paid from Fund 25 (*Education Code Section 17620*). Administrative costs of collecting fees may be reimbursed from Fund 25 within the limitations of *Education Code Section 17620*.

Developer Fees charged by the district are \$4.79/ft. for residential and \$0.78/ft. commercial) and are shared 50/50 with Santa Barbara Unified School District. These fees will provide funding for site increased classroom space, modernization, and the annual rental cost of six portable classrooms. The budget includes costs to add two new portable classrooms to the La Patera campus where space is very impacted. We project revenues for 2022-23 to be \$55,000, but it could end up being more or less as revenues are based on real estate development in the area. Activity in this fund can be a good leading indicator to property tax revenue growth in future years for the district.

Fund 51 – Bond Interest and Redemption Fund

This fund is used for the repayment of bonds issued for an LEA (*Education Code sections 15125–15262*). Bonds may be issued either by the county board of supervisors on behalf of the school district, or by the school district. The County Auditor maintains control over the LEA’s Bond Interest and Redemption Fund. The principal and interest on the bonds must be paid by the County Treasurer from taxes levied by the County Auditor-Controller.

This fund was established by Santa Barbara County to collect property taxes used to pay for principal and interest owed on the GUSD General Obligation Bonds (Measure M-1996). The new Fund 55 is combined with the existing Fund 51 to account for the new Measure M-2020. The County of Santa Barbara is legally responsible for setting the property tax rates necessary to have sufficient monies on hand to closely match interest and principal (redemption or retirement) on the bonds. The budget amounts at First Interim have been updated based on data provided by the Santa Barbara County Education Office. GUSD does not technically control this fund, but it is presented for informational purposes and to meet the legal disclosure requirements.

Fund 66 – Warehouse Revolving Fund

This fund is used primarily to maintain budget control and stock accounting of merchandise for District use (*Education Code Section 42830*). The Warehouse Revolving Fund (Fund 66) is reimbursed from various funds for amounts consumed by these user funds.

Expenses in Fund 66, Warehouse Revolving Fund, may include the purchase of stores to be placed in stock and the costs of receiving, storing, and delivering stores (*Education Code Section 42832*).

This fund includes a revolving value of accounts for cash on hand, inventory stores, payables and receivables. There were no changes to this budget at First Interim, but the GUSD Finance Department will be looking to close this fund and move all activity to the General Fund.

Fund 67 – Clearing Fund

This fund is a self-insurance fund set up to separate monies received for property and liability deductibles from other operating funds of the district. (*Education Code Section 17566*)

GUSD uses this fund to accumulate employer and employee payroll contributions for health insurance. Payments to health insurance vendors are then made from this Fund, including retiree purchases for insurance. Employees contribute for ten months during the school year and do not contribute in July and August which is why there will always be a balance at year end to pay July and August premiums to SISC. Projections in this budget are made based on SISC rates and GUSD employee participation. Activity in these funds is being moved to a new fund 78 per guidance from GUSD auditors and the funds will be closed at the end of the 22-23 fiscal year.

Fund 77/78 – SELPA Pass-Through & Payroll Clearing Funds

Fund 77 exists to account separately for amounts of special education funding received from the State on behalf of the Santa Barbara County Special Education Local Planning Area. The funds will be transferred from Fund 77 to the SELPA and will then be distributed to member districts. GUSD is acting simply as a “cash conduit.” for the state funding. Fund 78 is now used to accumulate employer and employee payroll contributions for health insurance. Payments to health insurance vendors are then made from this Fund, including retiree purchases for insurance. Employees contribute for ten months during the school year and do not contribute in July and August which is why there will always be a balance at year end to pay July and August premiums to SISC.

Part I - General Administrative Share of Plant Services Costs

California's indirect cost plan allows that the general administrative costs in the indirect cost pool may include that portion of plant services costs (maintenance and operations costs and facilities rents and leases costs) attributable to the general administrative offices. The calculation of the plant services costs attributed to general administration and included in the pool is standardized and automated using the percentage of salaries and benefits relating to general administration as proxy for the percentage of square footage occupied by general administration.

A. Salaries and Benefits - Other General Administration and Centralized Data Processing

- 2. Contracted general administrative positions not paid through payroll _____
 - a. Enter the costs, if any, of general administrative positions performing services ON SITE but paid through a contract, rather than through payroll, in functions 7200-7700, goals 0000 and 9000, Object 5800. _____
 - b. If an amount is entered on Line A2a, provide the title, duties, and approximate FTE of each general administrative position paid through a contract. Retain supporting documentation in case of audit. _____

B. Salaries and Benefits - All Other Activities

- 1. Salaries and benefits paid through payroll (Funds 01, 09, and 62, objects 1000-3999 except 3701-3702)
(Functions 1000-6999, 7100-7180, & 8100-8400; Functions 7200-7700, all goals except 0000 & 9000) 61,923,502.88

C. Percentage of Plant Services Costs Attributable to General Administration

(Line A1 plus Line A2a, divided by Line B1; zero if negative) (See Part III, Lines A5 and A6) 4.44%

Part II - Adjustments for Employment Separation Costs

When an employee separates from service, the local educational agency (LEA) may incur costs associated with the separation in addition to the employee's regular salary and benefits for the final pay period. These additional costs can be categorized as "normal" or "abnormal or mass" separation costs.

Normal separation costs include items such as pay for accumulated unused leave or routine severance pay authorized by governing board policy. Normal separation costs are not allowable as direct costs to federal programs, but are allowable as indirect costs. State programs may have similar restrictions. Where federal or state program guidelines required that the LEA charge an employee's normal separation costs to an unrestricted resource rather than to the restricted program in which the employee worked, the LEA may identify and enter these costs on Line A for inclusion in the indirect cost pool.

Abnormal or mass separation costs are those costs resulting from actions taken by an LEA to influence employees to terminate their employment earlier than they normally would have. Abnormal or mass separation costs include retirement incentives such as a Golden Handshake or severance packages negotiated to effect termination. Abnormal or mass separation costs may not be charged to federal programs as either direct costs or indirect costs. Where an LEA paid abnormal or mass separation costs on behalf of positions in general administrative functions included in the indirect cost pool, the LEA must identify and enter these costs on Line B for exclusion from the pool.

A. Normal Separation Costs (optional)

Enter any normal separation costs paid on behalf of employees of restricted state or federal programs that were charged to an unrestricted resource (0000-1999) in funds 01, 09, and 62 with functions 1000-6999 or 8100-8400 rather than to the restricted program. These costs will be moved in Part III from base costs to the indirect cost pool. 0.00
Retain supporting documentation.

B. Abnormal or Mass Separation Costs (required)

Part IV - Carry-forward Adjustment

The carry-forward adjustment is an after-the-fact adjustment for the difference between indirect costs recoverable using the indirect

cost rate approved for use in a given year, and the actual indirect costs incurred in that year. The carry-forward adjustment eliminates the need for LEAs to file amended federal reports when their actual indirect costs vary from the estimated indirect costs on which the approved rate was based.

Where the ratio of indirect costs incurred in the current year is less than the estimated ratio of indirect costs on which the approved rate for use in the current year was based, the carry-forward adjustment is limited by using either the approved rate times current year base costs, or the highest rate actually used to recover costs from any program times current year base costs, if the highest rate used was less than the approved rate. Rates used to recover costs from programs are displayed in Exhibit A.

A. Indirect costs incurred in the current year (Part III, Line A8)	4,437,117.52
B. Carry-forward adjustment from prior year(s)	
1. Carry-forward adjustment from the second prior year	278,421.39
2. Carry-forward adjustment amount deferred from prior year(s), if any	0.00
C. Carry-forward adjustment for under- or over-recovery in the current year	
1. Under-recovery: Part III, Line A8, plus carry-forward adjustment from prior years, minus (approved indirect cost rate (6.39%) times Part III, Line B19); zero if negative	163,346.65
2. Over-recovery: Part III, Line A8, plus carry-forward adjustment from prior years, minus the lesser of (approved indirect cost rate (6.39%) times Part III, Line B19) or (the highest rate used to recover costs from any program (6.20%) times Part III, Line B19); zero if positive	0.00
D. Preliminary carry-forward adjustment (Line C1 or C2)	163,346.65
E. Optional allocation of negative carry-forward adjustment over more than one year	
Where a negative carry-forward adjustment causes the proposed approved rate to fall below zero or would reduce the rate at which the LEA could recover indirect costs to such an extent that it would cause the LEA significant fiscal harm, the LEA may request that the carry-forward adjustment be allocated over more than one year. Where allocation of a negative carry-forward adjustment over more than one year does not resolve a negative rate, the CDE will work with the LEA on a case-by-case basis to establish an approved rate.	
Option 1. Preliminary proposed approved rate (Part III, Line D) if entire negative carry-forward adjustment is applied to the current year calculation:	not applicable
Option 2. Preliminary proposed approved rate (Part III, Line D) if one-half of negative carry-forward adjustment is applied to the current year calculation and the remainder is deferred to one or more future years:	not applicable
Option 3. Preliminary proposed approved rate (Part III, Line D) if one-third of negative carry-forward adjustment is applied to the current year calculation and the remainder is deferred to one or more future years:	not applicable
LEA request for Option 1, Option 2, or Option 3	1
F. Carry-forward adjustment used in Part III, Line A9 (Line D minus amount deferred if Option 2 or Option 3 is selected)	163,346.65

Approved indirect cost rate: 6.39%
Highest rate used in any program: 6.20%

S8. Status of Labor Agreements

Analyze the status of all employee labor agreements. Identify new labor agreements that have been ratified since first interim projections, as well as new commitments provided as part of previously ratified multiyear agreements; and include all contracts, including all administrator contracts (and including all compensation). For new agreements, indicate the date of the required board meeting. Compare the increase in new commitments to the projected increase in ongoing revenues, and explain how these commitments will be funded in future fiscal years.

If salary and benefit negotiations are not finalized, upon settlement with certificated or classified staff:

The school district must determine the cost of the settlement, including salaries, benefits, and any other agreements that change costs, and provide the county office of education (COE) with an analysis of the cost of the settlement and its impact on the operating budget.

The county superintendent shall review the analysis relative to the criteria and standards and may provide written comments to the president of the district governing board and superintendent.

Status of Other Funds

Analyze the status of other funds that may have negative fund balances at the end of the current fiscal year.
