Subject: 2022-23 Proposed Adopted Budget Report

Introduction

The Goleta Union School District (GUSD) Proposed Budget Financial Report for fiscal year 2022-23 is presented this evening for public comment, review and discussion. The State of California requires school districts to adopt a budget by June 30 each year and prepare interim reports of financial activity and updated budget forecasts twice during each fiscal year. The Proposed Budget Report presents projected revenues and expenses for fiscal year 2022-23 and provides comparisons of Estimated Actuals for 2021-22.

The Board asserts, by filing a Positive Certification of Financial Position, that GUSD is able to meet current year and two subsequent years' financial obligations.

The Projected Budget Report projects a fund balance in the General Fund that exceeds the minimum recommended reserve requirement of three percent for 2022-23 and two subsequent years.

The state stipulates that the budget reports be prepared using the Standardized Account Code Structure (SACS) formats, which are included in Section II. The report contains information on the General Fund revenues, expenditures and fund balance as well as a cash flow analysis, criteria and standards review and a subsequent two-year projection for fiscal years 2023-2024 and 2024-2025. These are useful documents in tracking trends and are important tools in financial planning.

In addition to the SACS schedules, included is a combined General Fund supporting analysis, Local Control Funding Formula Calculation Summary, LCAP Budget Overview for Parents, detailed cash flow statement and analysis of each individual GUSD Fund. These materials are in Section I and together with the SACS documents provide a good cross-section of the fiscal health of the district.

Executive Summary

The Proposed Budget Report projects results of operations for 2022-23 and incorporates changes made to the 2021-22 operating budget as the Estimated Actuals.

As a Community Funded District, revenue from local property taxes for fiscal year 2021-22 and 2022-23 continue to exceed the LCFF entitlement funding by a wide margin. The number will increase with growth in property taxes and decreases in district enrollment, but it may decrease as enrollment increases and more funding is added to the LCFF grants through the State budget. The LCFF calculation of monies earmarked in the Supplemental and Concentration Grants for unduplicated pupils (students from low-income families, English learners and foster youth) are not received by GUSD due to the community funded status, but amounts are still identified in the budget and in required LCAP spending plans as supporting those students.

Significant changes are made to the GUSD's Adopted Budget in the fall due to such factors as compensation, program changes, student enrollment and final staffing levels, and are reported in the First Interim Budget Report, brought to the board for approval in December. This also allows for items from the final state budget and the property tax report from the County Auditor to be updated in the GUSD budget. Finally, by then the books are closed for 2021-22 so the true beginning fund balances for 2022-23 will be known.

Property Taxes

Revenues from local property taxes in fiscal year 2022-23 are projected to be \$49.1 million. Growth is projected based on significant increases in home sales and values during 2021-22 that will be included in the equalized tax roll data received from the County for 2022-23. Increased activity and the sale of significant properties such as Dos Pueblos Ranch and the Ritz Carlton Bacara Hotel resulted in an overall property tax revenue growth projection of 5.5% for 2022-23. A 4.0% growth factor is used on the multi-year projection for future years confidently as property values and sales in the Goleta area remain very strong.

Enrollment

The final certified enrollment count for GUSD for the 2021-22 school year is 3,381 students. This represents a continued enrollment "low" since the COVID shutdown of 2020. Increases in enrollment in the coming years are anticipated as students return after the pandemic shutdown and the addition of students that qualify for the expanded Transitional Kindergarten (TK) program. The projected enrollment for 2022-23 is 3,404 with an unduplicated pupil count of 1,361.

The unduplicated pupil count, which represents socioeconomically disadvantaged youth and English Learners, certified as of December 2021 was 1,333 making our unduplicated pupil percentage 39.42%, which is down from the 2020-21 numbers of 1,418 or 42.0%. This reduction is due to the enrollment decrease as well as the continued free food for all meal program that does not require families to fill out the free and reduced meal form to receive free meals.

Using the 97% attendance rate, 2022-23 ADA is projected to be 3,301.88. Using the state's formula of a three-year average, GUSD will be funded at 3,392.59 ADA.

COVID-19 Relief Funding

COVID-19 relief funding from the State and Federal governments were a big part of the changes in the GUSD budgets from 2020-21 through 2021-22. Significant dollar amounts have been allocated to school districts using different funding formulas and have different requirements for how the funds can be used. Along with these funds also comes periodic reporting requirements and accountability for how the money is spent. GUSD has committed to use COVID-19 relief funds for additional staff, student/staff safety measures, COVID testing of employees, summer learning loss mitigation programs, distance learning (including connectivity and devices), preparations for reopening schools, PPE, and reducing class sizes to support social distancing in the classrooms.

To date, GUSD has been allocated \$9.63 million and received \$5.89 million in COVID-19 relief funding with \$2.78 million from the State and \$6.85 million from the Federal Government. All of this funding is considered "one-time" funding and is not to be used to support recurring operational costs. To date, GUSD has spent or committed \$8.39 million on items mentioned above. There are different timelines for the different funding sources, but all of the funds are to be spent by September 30, 2024

One-Time Funding

At the beginning of the COVID-19 pandemic, an assigned amount of \$2.01 million in General Fund was already set aside as the balance unspent one-time funds. Spending of these funds was frozen as the pandemic's impact on the economy and the GUSD budget was not known. The balance in the assignment was then allocated to staff in negotiated one-time bonuses during 2021-22.

The Governor's May Revision for 2022-23 proposed to include a significant amount of one-time discretionary revenues for school districts that amounts to approximately \$1,500 per student ADA for 2021-22 P2 attendance data. That would result in \$4.76 million in revenue for GUSD. While the total amount is not yet approved in the state budget, \$1.00 million in one-time discretionary funds have been included in the proposed budget and assigned in the General Fund as a strategic reserve.

Fund Balances

The 2020-21 Estimated Actuals project an unrestricted/restricted operating deficit in the General Fund of a combined \$1.29 million. This deficit is largely due to expanded operations funded by prior COVID relief funds, negotiated settlements with unions that included one-time cash payout of \$2.1 million during 2021-22. The proposed budget for 2022-23 projects a surplus of \$959,999 in the General Fund thanks to a projected increase in property tax revenues of 5.5% as well as the inclusion of \$1 million in one-time discretionary revenues.

Combined fund balance at the end of 2021-22 is projected to be \$12.69 million, which represents a 14.94% reserve. Fund balance includes a restricted balance of \$1.72 million. The minimum 3% reserve amount for economic uncertainties of \$2.19 million set aside in the 2021-22 Estimated Actuals. The 2022-23 budget projects to end the year with a reserve of \$13.58 million that includes \$1,727,278 of restricted balances, a \$2.06 million reserve for economic uncertainties and the assigned \$1.00 million of one-time discretionary funds, resulting in a projected 15.78% reserve by June 30, 2023.

Positive Certification

The Proposed Budget presents a Positive Certification which signifies that the Goleta Union School District is able to meet the current year and two subsequent years' financial obligations. Careful attention and communication will be made to the Board of Trustees to ensure continued effort to achieve future compliance reserve benchmarks.

Contact Information

Every effort will be made to ensure that this and future budget documents will be presented in a manner that members of the general public will understand. SECTION I

DISTRICT FORMATS

2022-23 Proposed Budget Highlights

Below is a quick list of items that impact the 2022-23 Proposed Budget Report highlighted for easy reference.

1. **District Enrollment and Projected ADA** – Enrollment for GUSD is projected to be 3,404 for the 2022-23 school year. Based on a 97% attendance factor, ADA is projected to be 3,301. The State now uses an average of the prior three years of ADA or the current year, whichever is higher, for funding, which would be 3,393 for 2022-23.
2. **Results from Operations** - The 2020-21 Estimated Actuals project an operating deficit in the General Fund of a combined \$1.29 million and the proposed budget for 2022-23 projects an operational surplus of \$959,999.
3. **Property tax growth** for GUSD in 2022-23 is projected to be \$2.66 million. Future growth in revenue, as presented on the Multi-Year Projection, will be projected at 4% per year for the next two years.
4. **Classroom teacher positions** have been reduced from 196.0 FTE in 2021-22 down to 170.0 FTE for 2022-23. Reductions in COVID funded temporary teachers.
5. **Fund Balance** available in the General Fund is projected to be \$13.58 million at the end of the 2022-23 fiscal year which represents a 15.78% reserve. Of that total, Restricted Fund Balance is \$1.73 million and \$1 million is the Assigned Balance of one-time discretionary funds. The 2022-23 Reserve for Economic Uncertainty is \$2.06 million or 3% of total expenditures in the General Fund.
6. **One-Time Funds** are projected to be close to \$4.7 million in the May Revise, but only \$1 million have been included in the 2022-23 proposed budget. The prior balance of \$2.1 million were released to fund an off-schedule bonus to employees through negotiations in 2021-22.
7. **LCAP Spending Plan** - The LCFF Calculator requires that GUSD include a minimum of \$2.49 million in the 2022-23 budget to contribute to the additional services for unduplicated socioeconomically disadvantaged and English Learner students. The 2022-23 budget includes \$2.62 million in contributing expenditures.
8. **Contributions** from Unrestricted General Fund Funds for underfunded categorical programs such as Student Transportation, Special Education, and Routine Restricted Maintenance, is projected to be \$9.78 million for 2022-23.

Analysis of this schedule and explanations of variances are on the following page.

Revenues

The increase in LCFF sources is the result of projected property tax revenue growth of 5.5% for 2022-23. The sharp decrease in Federal and State Revenues is due to the elimination of all the COVID resource allocations and revenue distributions. The increase in Other Local Revenues is largely due to the recategorization of Medi-Cal revenue from State to Local Revenues.

Expenditures

The decrease in Certificated Salaries and Benefits is due to the release of 30 temporary teachers and the adjustment for the one-time cash distribution of \$3,000 per certificated staff in 2021-22. Classified Salaries increase due to new admin and clerical positions added to the Expanded Learning Opportunity Program, custodial positions, and board approved position reclassifications netted against the adjustment to remove the one-time cash payout of \$3,500 per each classified staff member. The Books and Supplies and Services accounts decreased due to the spend down of COVID relief funds in 2021-22 not available in 2022-23. Service contracts increased to pay for the custodial coverage provided by Big Green in 2021-22 for those sites where we have not been able to fill open night custodian positions. We plan to have all custodian positions filled in 2022-23 so a cleaning contract will not be necessary. Finally, the Capital Outlay budget decreased due to timing differences in equipment availability such as vehicle replacements that are projected to be 18 months out.

Fund Balances

Combined fund balance in the General Fund is projected to be \$13,579,353 at the end the 2022-23 fiscal year. Of that amount, \$1,721,503 is from restricted programs and \$1,000,000 is assigned discretionary one-time funds, leaving an available reserve balance of \$10,847,075 or 15.78%. The required 3% reserve for Economic Uncertainties is \$2,062,486.

The Restricted Fund Balance is broken down as follows:

CA Clean Energy Jobs Act	89,402
Educator Effectiveness	865,682
SPED Early Intervention Preschool	56,564
CSEA Professional Development	31,683
Low-Performing Student Block Grant	3,809

Analysis of this schedule and explanations of variances are on the following page.

Multi-Year Projection

The three years of data presented above were developed beginning with the figures projected in the proposed budget for 2022-23. The projections include adjustments for items such as increases to property tax revenues, COLA for certain revenue accounts, increases in salaries and benefits due to movement on the salary schedule, as well as increases to the district contribution to STRS and PERS retirement systems. This projected budget report and corresponding multi-year projection do not include the cost of any negotiated settlements with UTPG, CSEA or unrepresented confidential, supervisory and management staff.

Many factors can and will affect these projections out into the future such as state legislation, changes in the governor and his/her funding priorities, growth in property taxes, staffing, and local priorities, but this projection reflects the current economic and political climates of the Goleta area, the State of California and the Federal Government.

Multi-Year Revenues

The multi-year projection estimates an increase of 4.0% in property tax revenues each year over the next 2 years. Based on the current year growth, activity in the redevelopment agencies, and the current real estate climate in Goleta, 4% is a very realistic yet still conservative growth factor. Property taxes have been enhanced in recent years by changes to the RDAs (Redevelopment Areas) that are in the dissolution process. Bond refinancing, sale of assets and any legal settlements with the RDA can and do result in additional revenues for the district. Small COLAs of 1% and 1.5% have been added to Federal and State revenues respectfully.

Multi-Year Expenditures

Salary and Benefit Expenditure amounts are increased each year by the cost of step and column movement on the salary schedule as well as the increases to the district's PERS and STRS contribution each year. These represent over a \$750 thousand increase going into the 2023-24 fiscal year and over \$775 thousand into 2024-25. Also included are two salary and benefit adjustments going into 2023-24. The first is to eliminate the one-year Principal on Special Assignment (POSA) Position and the other is to add budget for additional positions to successfully implement Transitional Kindergarten (TK) over the next few years. The total of the adjustments is \$197,000 which consists of \$153,000 to eliminate the POSA salary and then we add \$350,000 for TK teachers to Certificated Salaries. Classified Salaries are also increased by \$200,000 for multiple paraeducator positions to support TK. The corresponding increase to benefits is \$115,000.

Multi-Year Fund Balances

This multi-year projection shows a prudent level of reserves from 15.78% in 2022-23, 16.41% in 2023-24, and 18.92% in 2024-25. It is noted that these reserve levels do not include the impact of any negotiated settlement costs for salary and benefit increases with bargaining units over the three years presented. The state required 3% Reserve for Economic Uncertainties is met easily in 2022-23, 2023-24 and 2024-25. Continued care and consideration must be taken to manage prudent reserves while providing the highest level of services to all students and families of the Goleta Union School District.

Expanded Learning Program

Expanded Learning Opportunity Program Statement Proposed 2022-23

Below is a schedule of budgeted activity for the GUSD Expanded Learning Opportunity Afterschool Programs. GUSD operates the State Funded ASES program at El Camino, La Patera, and Isla Vista Schools while also operating a fee-based afterschool program at all schools.

Staffing has increased in this program since the beginning of the year and budget will be added to CARE Capital Outlay to purchase portable buildings for the programs at La Patera and El Camino Schools when timing of installation and cost is confirmed. A third funding source created by the state, Expanded Learning Opportunity Program, has been added to the budget and will provide ongoing funding to support the program. State revenues for this program are proposed to be \$3.2 million in the May Revise, but we have included an amount of \$2,358,550 to balance the ELOP budget's restricted resource. The amount in the Afterschool CARE column represents all of the fee-based revenues earned by the program.

The Child Development Fund has seen a slight increase in contract for state preschool revenue in recent history and we are working on expanding capacity to match the grant amount. Federal funding has been eliminated and local revenues for fees and grants have been reduced. Expenditures are balanced to the revenues available in the fund and the program should operate in a zero-fund equity position.

Fund 13 – Cafeteria Special Revenue Fund

This fund is used to account separately for federal, state, and local resources to operate the Food Service Program. The Cafeteria Special Revenue Fund (Fund 13) shall be used only for those expenditures authorized by the governing board as necessary for the operation of the LEA's food service program (Education Code sections 38091 and 38100). Meals are prepared at the District Office Central Kitchen and delivered to all school sites daily.

The Proposed Budget was based on the standard National School Lunch program revenues, but that has since changed to the Summer Model of food delivery that allows for free meals for all children. This significant change shifts a significant amount of revenue from the Federal accounts to the state accounts as the state is backfilling all reduced and paid amounts to ensure that meals are free for all students all year. This also eliminate the paid meals revenue which has all by in the fund. The reserve in this fund will need to be spent down over the next few years per federal regulations and the department has a plan to do so that will include upgrades to the central kitchen, equipment, etc.

Fund 14 – Deferred Maintenance Fund

This fund is used to account separately for revenues that are restricted or committed for deferred maintenance purposes (Education Code sections 17582). Deferred maintenance uses include interior and exterior painting, major repair or replacement of plumbing, roofs, heating, electrical, asphalt and flooring systems.

This fund had been financed through the annual district contribution from the General Fund and budgets a regular amount for potential maintenance projects as needed during the fiscal year. The increase of the transfer amount from the General Fund for 2021-22 to \$350,000 was carried into 2022-23 due to ongoing maintenance needs and the evaluation of the MOT property. Projects such as roof repair, heating unit replacements, and asphalt repairs reduce the amount accumulated in this fund.

Fund 21 – Building Fund

This fund is new to GUSD and exists primarily to account separately for proceeds from the sale of bonds (Education Code Section 15146) and may not be used for any purposes other than those for which the bonds were issued. Activity in this fund will fall under a separate independent audit each year and is subject to review by the Citizens Oversight Committee. All proceeds received from the sale of General Obligation Bonds authorized by the voter approved Measure M, will be accounted for in this fund. Repayment of the bond will be accounted for in a separate fund.

The first issue of bonds from the Measure M authorization was for a par value of \$5.7 million to be paid back over the next three years and will mature August 1, 2024. The smaller issue will fund projects to be budgeted for and completed over the next two years. Such projects include playground big toys, tricycle paths on kindergarten playgrounds and roof projects. Budgets will be updated throughout the year and the life of the bond program as projects are added and new budgets are created. Discussions will begin in 2023 to issue more of the \$80 million Measure M authorization as larger projects are planned.

Fund 25 – Capital Facilities Fund

This fund is used primarily to account separately for money received from fees levied on development projects as a condition of approval (*Education Code sections 17620–17626 and Government Code Section 65995 et seq.*). Expenditures in Fund 25, Capital Facilities Fund, are restricted to the purposes specified in *Government Code sections 65970–65981 or Government Code Section 65995 et seq.*, or to the items specified in agreements with the developer (*Government Code Section 66006*). Costs of justifying and adopting fees may be paid from Fund 25 (*Education Code Section 17620*). Administrative costs of collecting fees may be reimbursed from Fund 25 within the limitations of *Education Code Section 17620*.

Developer Fees charged by the district are \$3.79/ft. residential, \$0.61/ft. commercial, and are shared 50/50 with Santa Barbara Unified School District. These fees will provide funding for site modernization projects as well as the annual rental cost of six portable classrooms. The fees are in the process of being increased to \$4.79/ft residential and \$.78 for commercial developments. The budget includes acquisition and placement of additional portable buildings at El Camino and La Patera Schools where space is needed. Revenue activity in this fund can be a good leading indicator of property tax revenue growth in future years for the district as new unit developments result in new property tax revenues. Revenue amounts are much less now than in recent years to account for a slowdown in construction developments in the Goleta Valley during the pandemic.

Fund 51 – Bond Interest and Redemption Fund

This fund is used for the repayment of bonds issued for an LEA (*Education Code sections 15125–15262*). Bonds may be issued either by the county board of supervisors on behalf of the school district, or by the school district. The County Auditor maintains control over the LEA’s Bond Interest and Redemption Fund. The principal and interest on the bonds must be paid by the County Auditor from taxes levied by the County Assessor and collected by the County Treasurer/Tax Collector.

This fund was established by Santa Barbara County to collect property taxes used to pay for principal and interest owed on the GUSD General Obligation Bonds (Measure M) from 1996 and will also include the new Measure M from 2020. The County of Santa Barbara is legally responsible for setting the property tax rates necessary to have sufficient cash on hand to closely match interest and principal (redemption or retirement) on the bonds. The budget amounts are updated at First Interim based on data provided by the Santa Barbara County Education Office. GUSD does not technically control this fund, but it is presented for informational purposes and to meet the legal disclosure requirements.

Fund 66 – Warehouse Revolving Fund

This fund is used primarily to maintain budget control and stock accounting of merchandise for GUSD use (*Education Code Section 42830*). The Warehouse Revolving Fund (Fund 66) is reimbursed from various funds for amounts consumed by these user funds.

Expenses in Fund 66, Warehouse Revolving Fund, may include the purchase of stores to be placed in stock and the costs of receiving, storing, and delivering stores (*Education Code Section 42832*).

Fund 68 – Medical Insurance Clearing Fund

This fund is a self-insurance fund set up to separate monies received for medical insurance premiums from other operating funds of the district. Premiums are then submitted to the appropriate health and welfare plan.

The district uses this fund to accumulate employer and employee payroll contributions for health insurance. Payments to health insurance vendors are then made from this Fund, including retiree purchases for insurance. Employees contribute for ten months during the school year and do not contribute in July and August which is why there will always be a balance at year end to pay July and August premiums to SISC. Projections in this budget are made based on SISC rates and GUSD employee participation.

Fund 77 – SELPA Pass-Through Agency Fund

This fund exists to account separately for amounts of special education funding received from the State on behalf of the Santa Barbara County Special Education Local Planning Area. The funds will be transferred from Fund 77 to the SELPA and will then be distributed to member districts. GUSD is acting simply as a “cash conduit.” for the state funding.

Part I - General Administrative Share of Plant Services Costs

California's indirect cost plan allows that the general administrative costs in the indirect cost pool may include that portion of plant services costs (maintenance and operations costs and facilities rents and leases costs) attributable to the general administrative offices. The calculation of the plant services costs attributed to general administration and included in the pool is standardized and automated using the percentage of salaries and benefits relating to general administration as proxy for the percentage of square footage occupied by general administration.

C. Percentage of Plant Services Costs Attributable to General Administration

Part II - Adjustments for Employment Separation Costs

When an employee separates from service, the local educational agency (LEA) may incur costs associated with the separation in addition to the employee's regular salary and benefits for the final pay period. These additional costs can be categorized as "normal" or "abnormal or mass" separation costs.

Normal separation costs include items such as pay for accumulated unused leave or routine severance pay authorized by governing board policy. Normal separation costs are not allowable as direct costs to federal programs, but are allowable as indirect costs. State programs may have similar restrictions. Where federal or state program guidelines required that the LEA charge an employee's normal separation costs to an unrestricted resource rather than to the restricted program in which the employee worked, the LEA may identify and enter these costs on Line A for inclusion in the indirect cost pool.

Abnormal or mass separation costs are those costs resulting from actions taken by an LEA to influence employees to terminate their employment earlier than they normally would have. Abnormal or mass separation costs include retirement incentives such as a Golden Handshake or severance packages negotiated to effect termination. Abnormal or mass separation costs may not be charged to federal programs as either direct costs or indirect costs. Where an LEA paid abnormal or mass separation costs on behalf of positions in general administrative functions included in the indirect cost pool, the LEA must identify and enter these costs on Line B for exclusion from the pool.

A. Normal Separation Costs (optional)

Enter any normal separation costs paid on behalf of employees of restricted state or federal programs that were charged to an unrestricted resource (0000-1999) in funds 01, 09, and 62 with functions 1000-6999 or 8100-8400 rather than to the restricted program. These costs will be moved in Part III from base costs to the indirect cost pool. Retain supporting documentation. _____

B. Abnormal or Mass Separation Costs (required)

Enter any abnormal or mass separation costs paid on behalf of general administrative positions charged to unrestricted resources (0000-1999) in funds 01, 09, and 62 with functions 7200-7700. These costs will be moved in Part III from the indirect cost pool to base costs. If none, enter zero. 0.00

Part IV - Carry-forward Adjustment

The carry-forward adjustment is an after-the-fact adjustment for the difference between indirect costs recoverable using the indirect cost rate approved for use in a given year, and the actual indirect costs incurred in that year. The carry-forward adjustment eliminates the need for LEAs to file amended federal reports when their actual indirect costs vary from the estimated indirect costs on which the approved rate was based.

Where the ratio of indirect costs incurred in the current year is less than the estimated ratio of indirect costs on which the approved rate for use in the current year was based, the carry-forward adjustment is limited by using either the approved rate times current year base costs, or the highest rate actually used to recover costs from any program times current year base costs, if the highest rate used was less than the approved rate. Rates used to recover costs from programs are displayed in Exhibit A.

A. Indirect costs incurred in the current year (Part III, Line A8)

6,116,004.55

B. Carry-forward adjustment from prior year(s)

1. Carry-forward adjustment from the second prior year

392,231.87

2. Carry-forward adjustment amount deferred from prior year(s), if any

0.00

C. Carry-forward adjustment for under- or over-recovery in the current year

1. Under-recovery: Part III, Line A8, plus carry-forward adjustment from prior years, minus (approved indirect cost rate (6.35%) times Part III, Line B19); zero if negative

2,224,785.98

2. Over-recovery: Part III, Line A8, plus carry-forward adjustment from prior years, minus the lesser of (approved indirect cost rate (6.35%) times Part III, Line B19) or (the highest rate used to recover costs from any program (2.04%) times Part III, Line B19); zero if positive

0.00

D. Preliminary carry-forward adjustment (Line C1 or C2)

2,224,785.98

E. Optional allocation of negative carry-forward adjustment over more than one year

Where a negative carry-forward adjustment causes the proposed approved rate to fall below zero or would reduce the rate at which the LEA could recover indirect costs to such an extent that it would cause the LEA significant fiscal harm, the LEA may request that the carry-forward adjustment be allocated over more than one year. Where allocation of a negative carry-forward adjustment over more than one year does not resolve a negative rate, the CDE will work with the LEA on a case-by-case basis to establish an approved rate.

Option 1. Preliminary proposed approved rate (Part III, Line D) if entire negative carry-forward adjustment is applied to the current year calculation:

not applicable

Option 2. Preliminary proposed approved rate (Part III, Line D) if one-half of negative carry-forward adjustment is applied to the current year calculation and the remainder is deferred to one or more future years:

not applicable

Option 3. Preliminary proposed approved rate (Part III, Line D) if one-third of negative carry-forward adjustment is applied to the current year calculation and the remainder is deferred to one or more future years:

not applicable

LEA request for Option 1, Option 2, or Option 3

1

F. Carry-forward adjustment used in Part III, Line A9 (Line D minus amount deferred if

Option 2 or Option 3 is selected)

For basic aid districts, projected LCFF revenue has not changed from the prior fiscal year by more than the percent change in property tax revenues plus or minus one percent.

For districts funded by necessary small school formulas, projected LCFF revenue has not changed from the prior fiscal year amount by more than the district's gap funding or COLA¹ and its economic recovery target payment, plus or minus one percent.

¹ Districts that are already at or above their LCFF target funding as described in Education Code Section 42238.03(d) receive no gap funding. These districts have a COLA applied to their LCFF target, but their year-over-year revenue increase might be less than the statutory COLA due to certain local factors and components of the funding formula.
